Metal fuel drums or other fuel containers and caddies with manual pumps (no electric pumps) and hose lines are allowed to re-fill plastic jugs but are not allowed for re-fueling race cars. All fuel storage must be maintained on the "cold" side of the pit wall or kept within your transporter.

**SRPP4** – All teams shall have one (1) fully-charged 10LB ABC fire extinguisher in their pit area. All teams shall have one (1) 10LB bag of kitty litter or other reasonable absorbent for oil leaks and/or fuel spillage in their pit area. Having a broom handy is also advisable.
